

Eythorne & Elvington Newsletter

Week Commencing Monday 10 July

Last week saw the performances from the children of Endeavour class in their end of year production of Alice in Wonderland. Anyone who attended either of the shows put on last Tuesday will have left completely in awe at the levels of acting and singing throughout. It was great to see children who are usually quiet in class suddenly grow in confidence and produce such dynamic performances. Thank you to all of the staff involved with putting on an event such as this—it is something the children involved will remember for the rest of their lives I am sure. Thanks to all family members who came along and also to those who bought cakes at the end of the show. This money is vital to the school as we look to continue putting on these productions annually.

The school is somewhat quieter this week with a number of children out on educational visits. Firstly, the majority of our year 6 pupils are spending the week in France along with their peers from Sibertswold. Whilst there they will be taking part in a range of fun outdoor activities. We will be keeping parents updated with their progress on the noticeboard near the school gate.

As you will see in the Key Dates section of this newsletter, a number of the other classes are this week visiting Canterbury Cathedral. Here they will be given a guided “Costume Tour” of the Cathedral before taking part in workshop activities. News and photographs from these excellent trips will be displayed on the school website.

Last Friday you should have received your child’s end of year report. If for some reason this has not reached you then please contact the school office.

Also last Friday, almost three quarters of the children stayed behind after school for the school disco. Again, this was another event organised by Mrs Silverton as we continue to raise funds for the PTA. Thank you to her and the other staff who supported the event.

The children of Year 5 will put on an assembly this Friday to parents. Following this, we hope parents will stay in school and take part in a parents v children rounders match out on the school field. We look forward to seeing as many of you as possible.

Stars of the Week

Discovery: Jacob and Evelyn

Voyager: Phoebe and Harry

Challenger: Kenzie and Freya

Endeavour: Billy and Alfie

Team Points:

The points gained last week were as follows:

Mercury: 31

Saturn: 28
